

Paramount Group, LLC

Your trusted partner in
manufacturing excellence

Our Story: Continuous and Strategic Growth

Capabilities

12

Injection Molding Machines

Ranging from 75 ton to 1000 ton for capacity
from small components to large display covers

24/5

Production Capability

Continuous operation with automated systems
ensuring maximum efficiency and throughput

Commitment to Quality & Reliability

- Our rigorous quality assurance encompasses incoming material inspection, in-process monitoring, and final verification

99.7% Customer Satisfaction

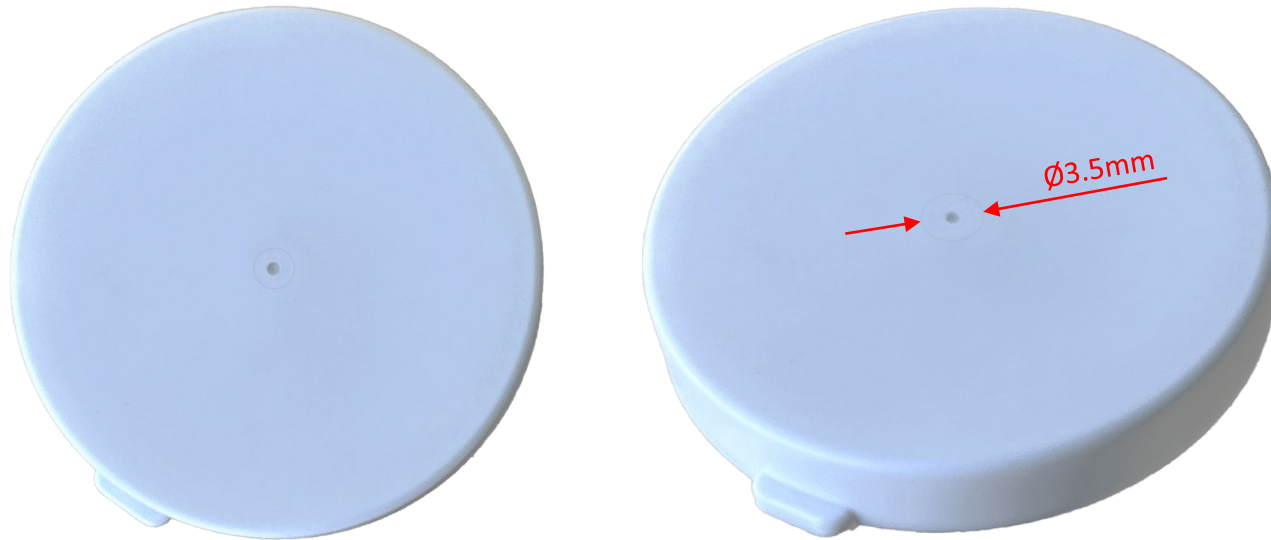

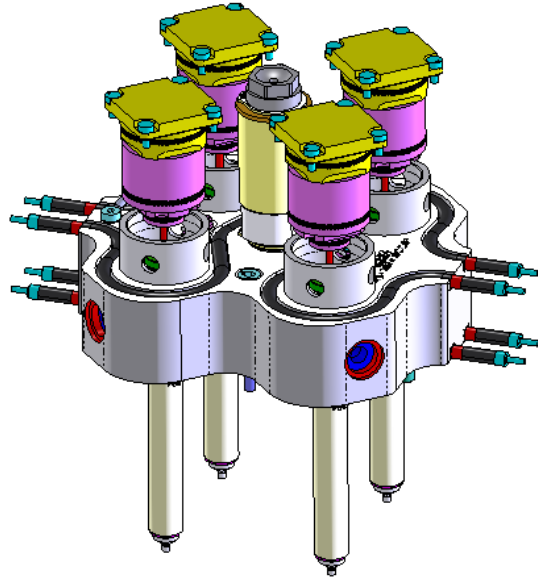

Consistent excellence in product quality and service

100% On-Time Delivery

Reliable scheduling with the commitment to warehouse inventory to prevent product shortages

Medical & Healthcare | Dairy test vials cap

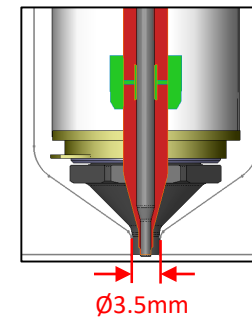

General Information

- System 4 drops, Sp series
- Injection Type Cylindrical Valve Gate
- Molding Material PP (COPO)
- Cavity Qty 4
- Part Weight 2.06gr
- Part Thickness 1.5mm
- Part Dimensions $\text{Ø}36\text{mm} \times 5.5\text{mm}$
- Injection Direct on part

Features

- EYEgate HRS solution
